

Stanwood-Camano School District

Educational Enrichment Update

March 23, 2020

Our educators have been working diligently on creating and providing educational support for our students through electronic means as well as hard copy format.

Educational packets will be available electronically to students on Wednesday, March 25th and hard copy packets will be mailed to students without access to the internet on March 25th. Parents and students should receive these packets before the end of the week depending on the US Postal Service.

The learning materials will be focused on review and practice in order to maintain students' skills and keep their learning sharp. Students can access electronic packets on Clever as per SCSD website [directions](#). Electronic packets will also be available on the District and School websites.

Additionally, our schools are making chrome books available to students who need them. The chrome book rollout date/times are as follows:
