

## Stanwood-Camano School District

### Family Communication

May 8, 2020

#### [Friday Family Message](#)

Please click on this parent survey link [English/Spanish](#) to help the district, our schools and teachers refine our continuous learning program. Your input is essential to our work.

This [tech help link](#) to get useful information about how to most effectively help your children on Google Classrooms *with things like how to submit an assignment*.

We also wanted to remind you that the WIFI at each of our schools has been opened up to the public and requires no password. Feel free to use our parking lots as hotspot locations. We have recently expanded the range at our two Island schools.

Reimagine WA Education shares three simple recommendations for families for distance learning:

1. Be your child's cheerleader. This new way of learning may be challenging for kids. Start and end the day with words of encouragement for their tenacity;
2. Students should have their own work space with the items they need; and
3. Students should take frequent breaks and these breaks should be active (i.e. play with the dog, run around the house, dance).

Thank you for all of your support.

Have a great weekend.
