#### Tentative Schedule for 2020-21 School Year

July 17, 2020

Dear Parents and Guardians,

These are challenging times for all of us, and we want to thank you for your patience and commitment to your child's education. In the past 6 weeks we have been working with experts from within our district, counties and state while also closely examining the efforts from throughout the US and world to develop a clear path forward for the next school year.

It is not an easy task, but one we take very seriously. Every family is faced with a unique set of circumstances. Every student has specific needs for their success in school. We are developing multiple ways for your student to return to school next year.

**Families will be receiving an intent to enroll form via Family Access next week. This form must be completed by Tuesday, July 28, to enroll their students in one of the options listed below.**

For those families making the choice to learn from home this next year, Continuous Learning 2.0 provides a dedicated teacher that will develop materials and instruction via online instruction for any student. Our programs at Saratoga and Lincoln Hill also provide remote learning opportunities with one day of face-to-face instruction available.

For those families seeking the opportunity to return to the classroom, we will provide two days of in-person instruction coupled with three days of off-site learning in a hybrid learning model.

Below is a proposed schedule for the Hybrid Model of Instruction. The District is continuing to look at ways to increase time for special groups and younger grades of students. Updates will be communicated as soon as reasonably possible.

#### Safety Guidelines for In-Person Instruction

- We will reopen with state and local guidance.
- At this time, we are directed to maintain a six-foot social distance during extended periods.
- We will teach and practice healthy hygiene.
- Face coverings are required for all students, staff, and visitors, per state guidelines.
- We will intensify cleaning and disinfection procedures.
- We will screen all students, staff, and visitors for symptoms and exposure.
- Parents will be encouraged to drive students to school, due to OSPI guidelines related to busing. Busing will be available on a limited basis, with social distancing in place.

Additional Information

- Each model will depend on enrollment and space available in our schools.
- Families will be asked to make a selection for the entire 2020-21 school year.

- Students will remain enrolled in Stanwood-Camano School District, regardless of which model families select.
- Stanwood-Camano teachers will facilitate this model.
- We are collaborating with all bargaining units to successfully and safely open schools.
- All students may revert to Continuous Learning 2.0 at any time during the school year if schools are required to close.
