

Volunteer Handbook

Welcome to a very important part of this school district's education team ~ VOLUNTEERS! It takes an exceptional person to give their time and energy to help make our schools stronger. Your caring enables us to work better and more productively, and your involvement brings to our students and teachers the extra time and personal contact that is vital to academic success. You are giving students the powerful message that people care about them.

The opportunities for involvement are limitless. You can spend from one to six hours a day, one to five days a week, working in our schools. You may work with children of all ages and abilities and in a variety of areas from working with students in the classroom, assisting with clerical tasks for staff, or helping on the playground. Regardless of the area you choose to be involved, you will be enriching the programs of Stanwood-Camano Schools.

Giving our children the best education possible is an investment in the strong future of our community and nation. Thank you for recognizing this need and reaching out to help. We would like to provide you with every tool necessary to make your volunteer experience a great one. This Volunteer Handbook is designed to answer many of the questions you may have as a volunteer. However, if you have other questions, or need further clarification, just ask!

As a member of our volunteer team, you will have the opportunity to build relationships with other volunteers and staff at your school. These relationships are invaluable as we work together - we're glad you're here!

VOLUNTEER PROGRAM GOALS

The Volunteer Program will enhance students' learning opportunities by:

- ❖ Enhancing school curriculum, making available additional experiences and instruction
- ❖ Establishing school-community partnerships through opportunities for families and community members to be active participants in educational programs.
- ❖ Expanding opportunities for individualized attention to students
- ❖ Assisting students in developing positive relationships with role models
- ❖ Providing opportunities for volunteers to best use their time and talents in the education of children and find satisfaction and fulfillment in these opportunities.

ADVANTAGES OF VOLUNTEERING

- *Satisfaction** ~of seeing a student gain skills and self-confidence
~of sharing special talents and resources
~of helping to fulfill a need in the school
~and fulfillment of being needed and useful
- *Opportunities** ~to increase personal skills and gain experience
~to establish professional references
~to try something new and take a "safe" risk
~to establish long-term personal relationships

QUALITY VOLUNTEERS

Successful volunteers of quality are known by their:

INTEREST IN YOUNG PEOPLE

- * Believes in each child's ability to learn and grow
- * Accepts children of all ages, abilities, backgrounds and personalities
- * Recognizes that well-educated children are our greatest natural resource

DESIRE TO TEACH, TO LEARN AND TO HELP

- * Has the time and willingness to serve
- * Has or is willing to acquire the skills and talents that can enrich the educational process
- * Is supportive of the school's efforts to educate each student to his or her potential

COMMITMENT, DEPENDABILITY, FLEXIBILITY

- * Is reliable and prompt, and realizes that the teacher and students count on him or her to be there
- * Is capable of adjusting to the teacher's way of doing things and following his or her directions
- * Is friendly, enthusiastic and positive
- * Understands and appreciates the work of the school, staff and the volunteer program

CONFIDENTIALITY

- * Respects the confidentiality of his or her relationship to the school
- * Is careful to ensure that a child's work and behavior in school are held in confidence

Volunteer Responsibilities

Our student safety is of utmost importance to us. The first line of responsibility as a volunteer is to complete a volunteer clearance prior to attending classroom field trips and/or volunteering in a classroom. The clearance is good for two (2) years and should be renewed as required.

In order for the volunteer program to work effectively, we depend on our volunteers to assume responsibilities and a level of commitment, which allows for more quality education and opportunities for our students. The effectiveness of the program can be seen as the staff are able to better meet the needs of kids and develop closer ties to the parents and community. In addition, an effective volunteer program brings satisfaction to you, personally, as the volunteer. The inexplicable rewards, such as a true smile of delight from a child, are beyond description!

As a school volunteer, you become part of a team working toward the best possible education for our students. The guidelines listed here will help you meet your responsibilities as a volunteer...

* **BE DEPENDABLE**

Your help is needed to provide the best opportunities for children. If you are unable to be at school when expected, be sure to notify the secretary in time for them to make adjustments. People depend on you.

* **USE GOOD JUDGMENT IN TALKING ABOUT VOLUNTEER EXPERIENCES**

Volunteers must have an open mind. Maintain a professional attitude regarding confidential information about children, parents and staff. Use discretion in commenting about a matter that can easily be misinterpreted by others who aren't as familiar with the situation as you are.

* **BE A RESPONSIBLE KEY COMMUNICATOR**

As a volunteer, you not only serve the needs of students directly, but you also provide a vital link between the school and the community. Communicate the need for others to become involved with their schools and help them know how important their participation is.

* **DON'T LET PROBLEMS BUILD**

Everyone has a stake in making this program work and wants to succeed as volunteers. It is the intent of the program to place people together who are compatible and to assign volunteers to rewarding jobs. If you have a concern, or if the program hasn't succeeded in doing this for you, talk to the volunteer coordinator or principal ~ they can help you enjoy your experience as a volunteer *only* if they are aware of your concerns.

* **RECOGNIZE THE RESPONSIBILITIES OF THE PRINCIPAL, TEACHERS AND SUPPORT STAFF**

As a school volunteer, you will be a part of and observe many decisions and judgments made by the principal, teachers and support staff. They will work closely with you because you have become part of a team. It is they, however, as employees of the school district, who are held responsible for the decisions that are made regarding instruction and building management. Because of this responsibility, it is necessary to recognize that the staff has final authority in all matters.

Rules of Conduct

Improper conduct is not acceptable for volunteers at this school. These behaviors include, but are not limited to:

- * Willful neglect and/or physical, verbal or written abuse of a student
- * Unauthorized use of school equipment and/or supplies
- * Neglect, willful abuse or destruction of school property
- * Misuse of confidential information, including student grades
- * Breach of confidentiality
- * Disregard of school policies and/or procedures
- * Fighting on school property
- * Dishonesty
- * Chronic absence and/or tardiness
- * Working while under the influence of, or suffering from the effects of, alcohol, non-prescribed drugs or other intoxicants
- * Falsification of official records, including student grades
- * Insubordination
- * Practice, or toleration of, discrimination or harassment.

All volunteers shall review the Stanwood-Camano School District Policies and Protocols for Maintaining Professional Staff/Student Boundaries, Policy 5253.

MAINTAINING PROFESSIONAL STAFF/STUDENT BOUNDARIES

The purpose of this policy is to provide all staff, students, volunteers and community members with information to increase their awareness of their role in protecting children from inappropriate conduct by adults.

The Stanwood-Camano board of directors expects all staff members to maintain the highest professional, moral and ethical standards in their interaction with students. Staff members are required to maintain an atmosphere conducive to learning, including the establishment and maintenance of professional boundaries.

The interactions and relationships between staff members and students should be based upon mutual respect, maintenance of appropriate boundaries between adults and students in and outside of the educational setting, and conduct consistent with the educational mission of the schools.

Staff members will not intrude on a student's physical and emotional boundaries unless the intrusion is necessary to serve an educational purpose. An educational purpose is one that is required by the staff member's position in the district. Additionally, staff members are expected to be sensitive to the appearance of impropriety in their own conduct and the conduct of other staff when interacting with students. Staff members will discuss issues with their building administrator or supervisor whenever they suspect or are unsure whether conduct is inappropriate or constitutes a violation of this policy.

A staff member who has knowledge or reasonable cause to believe that a student has been a victim of physical abuse or sexual misconduct by another staff member is required by law to report such abuse or misconduct to the appropriate school administrator. The school administrator shall cause a report to be made to the proper law enforcement agency if he or she has reasonable cause to believe that the misconduct or abuse has occurred. During the process of making a reasonable cause determination, the school administrator shall contact all parties involved in the complaint.

The Stanwood-Camano board of directors supports the use of technology to communicate for educational purposes. However, district employees are prohibited from online socializing with students or from engaging in any conduct on social media that violates the law, district policies or generally recognized professional standards. Employees whose conduct violates this policy will face discipline and/or termination, consistent with the district's policies, acceptable use agreement and collective bargaining agreements, as applicable. The superintendent or designee will develop staff protocols for reporting and investigating and develop procedures and training to accompany this policy.

PROHIBITION OF HARASSMENT, INTIMIDATION, AND BULLYING

The board is committed to a safe and civil educational environment for all students, employees, parents/legal guardians, volunteers, and community members that is free from harassment, intimidation, or bullying." As defined in legislation, "Harassment, intimidation or bullying" means any intentional electronic, written, verbal or physical act including but not limited to, one shown to be motivated by any characteristic in RCW28A.640.010 and 28A 642.010, or other distinguishing characteristics, when the act:

- A. Physically harms a student or damages the student's property;
- B. Has the effect of substantially interfering with a student's education;
- C. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
- D. Has the effect of substantially disrupting the orderly operation of the school.

Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation or bullying.

"Other distinguishing characteristics" can include but are not limited to physical appearance, clothing or other apparel, socioeconomic status and weight.

"Intentional acts" refers to individual's choice to engage in the act rather than the ultimate impact of the action(s).

Behaviors/Expressions

This policy recognizes that 'harassment', 'intimidation,' and bullying' are separate but related behaviors. Each must be addressed appropriately. The accompanying procedure differentiates the three behaviors; however, this differentiation should not be considered part of the legal definition of these behaviors.

Harassment, intimidation, or bullying can take many forms including, but not limited to, slurs, rumors, jokes, innuendoes, demeaning comments, drawings, cartoons, pranks, gestures, physical attacks, threats or other written, oral, physical or electronically transmitted messages or images.

This policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the educational environment. Many behaviors that do not rise to the level of harassment, intimidation, or bullying may still be prohibited by other district policies or building, classroom or program rules.

Training

This policy is a component of the district's responsibility to create and maintain a safe, civil, respectful and inclusive learning community and will be implemented in conjunction with comprehensive training of staff and volunteers. Specific training requirements are included in the accompanying procedures.

Prevention

The district will provide students with strategies aimed at preventing harassment, intimidation, and bullying. In its efforts to educate students, the district will seek partnerships with families, law enforcement, and other community agencies.

Interventions

Interventions will be designed to address the impact of harassment, intimidation, and bullying on the targeted student(s) and others impacted by the violation, to change the behavior of the aggressor, and to restore a positive school climate.

The district will consider the frequency of incidents, developmental age of the student, and severity of the conduct in determining intervention strategies. Interventions will range from counseling, correcting behavior and discipline, to law enforcement referrals.

Students with Individual Education Plans or Section 504 Plans

If allegations are proven that a student with an Individual Education Plan (IEP) or Section 504 Plan has been the aggressor or target of harassment, intimidation or bullying, the school will convene the student's IEP or Section 504 team to determine whether the incident had an impact on the student's ability to receive a free, appropriate public education (FAPE). The meeting should occur regardless of whether the harassment, intimidation, or bullying incident was based on the student's disability. During the meeting, the team will evaluate issues such as the student's academic performance, behavioral issues, attendance, and participation in extracurricular activities. If a determination is made that the student is not receiving FAPE as a result of the harassment, intimidation, or bullying incident, the district will provide additional services and supports as deemed necessary, such as counseling, monitoring and/or reevaluation or revision of the student's IEP or Section 504 plan, to ensure the student receives a FAPE.

Retaliation/False Allegations

Retaliation is prohibited against those who report or participate in an investigation of harassment, intimidation and bullying and will result in appropriate discipline. It is a violation of this policy to threaten or harm someone for reporting harassment, intimidation, or bullying, or participating in an investigation.

Knowingly reporting false allegations of harassment, intimidation and bullying is prohibited. Students or employees will not be disciplined for making a report in good faith. However, persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

Compliance Officer

The superintendent will appoint a compliance officer as the primary district contact to receive copies of all harassment, intimidation, and bullying incident report forms and to ensure policy implementation. The name and contact information for the compliance officer will be communicated throughout the district. The district compliance officer will participate in at least one mandatory training opportunity offered by OSPI.

The superintendent is authorized to direct the implementation of procedures addressing the elements of this policy.

PROHIBITION OF HARASSMENT, INTIMIDATION, AND BULLYING

A. Introduction

The Stanwood Camano School District strives to provide students with optimal conditions for learning by maintaining a school environment where everyone is treated with respect and no one is physically or emotionally harmed.

In order to ensure respect and prevent harm, it is a violation of district policy for a student to be harassed, intimidated, or bullied by others in the school community, at school sponsored events, or when such actions create a substantial disruption to the educational process. The school community includes all students, school employees, school board members, contractors, unpaid volunteers, families, patrons, and other visitors. Students(s) will not be harassed because of their race, color, religion, ancestry, national origin, gender, sexual orientation, gender expression, gender identity mental or physical disability, or other distinguishing characteristics.

Any school staff who observes, overhears, or otherwise witnesses harassment, intimidation, or bullying, or to whom such actions have been reported must take prompt and appropriate action to stop the harassment, intimidation, or bullying, and to prevent its reoccurrence.

B. Definitions

Aggressor means a student, staff member, or other member of the school community who engages in the harassment, intimidation, or bullying of a student.

Harassment, intimidation, or bullying means an intentional electronic, written, verbal, or physical act that:

1. Physically harms a student or damages the student's property;
2. Has the effect of substantially interfering with a student's education;
3. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
4. Has the effect of substantially disrupting the orderly operation of the school.

Conduct that is "substantially interfering with a student's education" will be determined by considering a targeted student's grades, attendance, demeanor, interaction with peers, participation in activities, and other indicators.

Conduct that may rise to the level of harassment, intimidation, or bullying may take many forms, including, but not limited to: slurs, rumors, jokes innuendos, demeaning comments, drawings, cartoons, pranks, ostracism, physical attacks or threats, gestures, or acts relating to an individual or group whether electronic, written, oral or physically transmitted messages or images. There is no requirement that the targeted student actually possess the characteristic that is the basis for the harassment, intimidation, or bullying.

Retaliation occurs when an individual is intimidated, threatened, coerced, or discriminated against for reporting harassment, intimidation, or bullying, or participating in an investigation.

Staff includes, but is not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, classified staff, substitute and temporary teachers, volunteers, or paraprofessionals (both employees and contractors).

Targeted Student means a student against whom harassment, intimidation, or bullying has allegedly been perpetrated.

C. Behaviors / Expressions

“Harassment,’ ‘intimidation,’ and ‘bullying’ are separate but related behaviors. Each must be addressed appropriately. Although this procedure differentiates the three behaviors, this differentiation should not be considered part of the legal definition of these behaviors, this differentiation should not be considered part of the legal definition of these behaviors, Harassment refers to any malicious act, which causes harm to any person’s physical well-being. It can be discriminatory harassment, malicious harassment, or sexual harassment. Intimidation refers to implied or overt threats of physical violence. Bullying refers to unwanted aggressive behavior(s) by another youth or group of youths that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated. Bullying can also occur through technology and is called electronic bullying or cyberstalking.

D. Relationships to Other Laws

This procedure applies only to RCW 28A.300.285-Harassment, Intimidation and Bullying prevention. There are other laws and procedures to address related issues such as sexual harassment or discrimination.

At least four Washington laws may apply to harassment or discrimination:

1. RCW28A.300.285- Harassment, Intimidation and Bullying
2. RCW 28A .640.020- Sexual Equality
3. RCW28A.642- Prohibition of Discrimination in Public Schools
4. RCW 49.60.010- The Law Against Discrimination

The district will ensure its compliance with all state laws regarding harassment, intimidation, or bullying. Nothing in this procedure prevents a student, parent/ guardian, school or district from taking action to remediate harassment or discrimination based on a person’s membership in a legally protected class under local, state or federal law.

D. Prevention

1. Dissemination

In each school and on the district’s website the district will prominently post information on reporting harassment, intimidation or bullying; the name and contact information for making a report to the school administrator; and the name and contact information for the district compliance officer. The district’s policy and procedure will be available in each school in a language that families can understand.

Annually, the superintendent will ensure that a statement summarizing the policy and procedure is provided in student, staff, volunteer and parent handbooks, is available in school and district offices and/or hallways or is posted on the district’s website.

Additional distribution of the policy and procedure is subject to the requirements of chapter 392-405 WAC

2. Education

Annually students will receive age-appropriate information on the recognition and prevention of harassment, intimidation or bullying at student orientation sessions and on other appropriate occasions. The information will include a copy of the Incident Reporting Form or a link to a web-based form.

3. Training

The district compliance officer will participate in at least one mandatory training opportunity offered by OSPI. Staff will receive annual training on the school district's policy and procedure, including at a minimum, staff roles and responsibilities, how to monitor common areas and the use of the district's Incident Reporting Form.

4. Prevention Strategies

The district will implement a range of strategies including individual, classroom, school, and district-level approaches, to prevent harassment, intimidation and bullying.

Whenever possible, the district will implement evidence-based prevention programs that are designed to increase social competency, improve school climate, and eliminate harassment, intimidation and bullying in schools.

E. Compliance Officer

The district compliance officer will:

1. Serve as the district's primary contact for harassment, intimidation, or bullying. If the allegations in a written report of harassment, intimidation, or bullying indicates a potential violation of Policy 3207, the district staff member who receives the report must promptly notify the district compliance officer.
2. Provide support and assistance to the principal or designee in resolving complaints;
3. Receive copies of all Incident Reporting Forms, Discipline Referral Forms, and letters to parents providing the outcomes of investigations.
4. Communicate with the school district's designated civil rights compliance coordinator. If a written report of harassment, intimidation, or bullying indicates a potential violation of the district's nondiscrimination policy (Policy 3210), or if during an investigation, the district becomes aware of a potential violation of the district's nondiscrimination policy, the compliance officer must promptly notify the district's civil rights compliance coordinator. At that time, the compliance officers must promptly notify the complainant that their complaint will proceed under both this policy / procedure and the nondiscrimination policy / procedure. The investigation and response timeline for the nondiscrimination procedure begin when the school district knows or should have known that a written report or investigation of Harassment, Intimidation, or Bullying involves a potential violation of the district's nondiscrimination policy;
5. Be familiar with the use of the student information system. The compliance officer may use this information to identify patterns of behavior and areas of concern;
6. Ensure implementation of the policy and procedure by overseeing the investigative processes, including ensuring that investigations are prompt, impartial, and thorough;
7. Assess the training needs of staff and students to ensure successful implementation throughout the district, and ensure staff receive annual fall training;
8. Provide the OSPI School Safety Center with notification of policy or procedure updates or changes on an annual basis; and
9. In cases where, despite school efforts, a targeted student experiences harassment, intimidation, or bullying that threatens the student's health and safety, the compliance officer will facilitate a meeting between district staff and the child's parents/guardians to develop a safety plan to protect the student. A sample student safety plan is available on the OSPI website: www.k12.wa.us/SafetyCenter/default.aspx.

F. Staff Intervention

All staff members will intervene when witnessing or receiving reports of harassment, intimidation. Minor incidents that staff are able to resolve immediately, or incidents that do not meet the definition of harassment, intimidation or bullying, may require no further action under this procedure, other than tracking, to ensure they are not repeated.

G. Filing an Incident Reporting Form

Incident Reporting Forms may be used by students, families, or staff to report incidents of harassment, intimidation or bullying. A sample form is provided on the Office of Superintendent of Public Instructions (OSPI) School Safety Center website:

www.k12.wa.us/SafetyCenter/BullyingHarassment/default.aspx

Any student or students who believe they have been the target of unresolved, severe, or persistent harassment, intimidation, or bullying, or any other person in the school community who observes or receives notice that a student has or may have been the target of unresolved, severe, or persistent harassment, intimidation, or bullying may report incidents verbally or in writing to any staff member.

H. Addressing Harassment, Intimidation, or Bullying- Reports

Step 1: Filing an Incident Report Form

In order to protect a targeted student from retaliation, a student need not reveal his or her identity on an Incident Report form. The form may be filed anonymously, confidentially, or the student may choose to disclose his or her identity (non-confidential).

Status of Reporter

a. **Anonymous**

Individuals may file a report without revealing their identity. No disciplinary action will be taken against an alleged aggressor based solely on an anonymous report. Schools may use complaint boxes or develop other methods for receiving anonymous, unsigned reports. Possible responses to an anonymous report include enhanced monitoring of specific locations at certain times of day or increased monitoring of specific students or staff. (Example: An unsigned Incident Reporting Form dropped on a teacher's desk led to the increased monitoring of the boys' locker room in 5th period.)

b. **Confidential**

Individuals may file a report asking that their identities be kept secret from the accused and other students. Like anonymous reports, no disciplinary action will be taken against an alleged aggressor based solely on a confidential report. (Example: A student tells a playground supervisor about a classmate being bullied but asks that nobody know who reported the incident. The supervisor says, "I won't be able to punish the bullies unless you or someone else who saw it is willing to let me use their names, but I can start hanging out near the basketball court, if that would help.")

c. **Non-Confidential**

Individuals may file a report non-confidentially. Complainants agreeing to make their complaint non-confidential will be informed that due process requirements may require that the district release all of the information that it has regarding the complaint to any individuals involved in the incident, but that even then, information will be restricted to those with a need to know, both during and after the investigation. The district will, however, fully implement the anti-retaliation provision of this policy and procedure to protect complainants and witnesses.

Step 2: Receiving an Incident Report Form

All staff members are responsible for receiving oral and written reports. Whenever possible staff members who initially receive an oral or written report of harassment, intimidation or bullying shall attempt to resolve the incident immediately. If the incident is resolved to the satisfaction of the parties involved, or if the incident does not meet the definition of harassment, intimidation or bullying, no further action may be necessary under this procedure.

All reports of unresolved, severe, or persistent harassment, intimidation and bullying will be recorded on a District Incident Report Form and submitted to the principal or designee, unless the principal or designee is the subject of the complaint.

Step 3: Investigations of Unresolved, Severe, or Persistent Harassment, Intimidation and Bullying

All reports of unresolved, severe, or persistent harassment, intimidation or bullying will be investigated with reasonable promptness. Any student may have a trusted adult with them throughout the reporting and investigative process.

- a. Upon receipt of the Incident Report Form that alleges unresolved, severe, or persistent harassment, intimidation or bullying, the school or district designee will begin an investigation. If there is potential for clear and immediate physical harm to the complainant, the district will immediately contact law enforcement and inform the parent/guardian.
- b. During the investigation, the district will take reasonable measures to ensure that no further incidents of harassment, intimidation or bullying occur between the complainant and the alleged aggressor. If necessary, the district will implement a safety plan (<https://www.k12.wa.us/student-success/health-safety/school-safety-center/safety-planning-toolkit>) for the student(s) involved. The plan may include changing seating arrangements for the complainant and/or the alleged aggressor in the classroom, at lunch, or on the bus; identifying a staff member who will act as a safe person for the complainant; altering the alleged aggressor's schedule and access to the complainant, and other measures.

If, during the course of an investigation, the district employee conducting the investigation becomes aware of a potential violation of the districts nondiscrimination policy (policy 3210), the investigator will promptly notify the district's civil rights compliance officer. Upon receipt of this information, the civil rights compliance officer must notify the complainant that their complaint will proceed under the discrimination complaint procedure in WAC 392-190-065 through WAC 392-190-075 as well as the HIB complaint procedure. The notice must be provided in a language that the complainant can understand. The investigation and response timeline for the discrimination complaint procedure will follow that set forth in WAC 392-190-065 and begins when the district knows or should have known that a written report of harassment, intimidation or bullying involves allegations of a violation of the districts nondiscrimination policy.

- c. Within two (2) school days after receiving the Incident Report Form, the school designee will notify the families of the students involved that a complaint was received and direct the families to the district's policy and procedure on harassment, intimidation and bullying.
- d. In rare cases, where after consultation with the student and appropriate staff (such as a psychologist, counselor, or social worker) the district has evidence that it would threaten the health and safety of the complainant or the alleged aggressor to involve his or her parent/guardian, the district may initially refrain from contacting the parent/guardian in its investigation of harassment, intimidation and bullying. If professional school personnel have reasonable cause to believe that a student is subject to child abuse or neglect, they must follow district policy for reporting such cases to Child Protective Services or the police.
- e. The investigation shall include, at a minimum:
 - An interview with the complainant ;

- An interview with the alleged aggressor ;
 - A review of any previous complaints involving either the complainant or the alleged aggressor ; and
 - Interviews with other students or staff members who may have knowledge of the alleged incident.
- f. The principal or designee may determine that other steps must be taken before the investigation is complete.
- g. The investigation will be completed as soon as practical but generally no later than five (5) school days from the initial complaint . If more time is needed to complete an investigation, the district will provide the parent/guardian and/or the student with weekly updates.
- h. No later than two (2) school days after the investigation has been completed and submitted to the compliance officer, the principal or designee shall respond in writing or in person to the parent/guardian of the complainant and the alleged aggressor stating:
- The results of the investigation;
 - Whether the allegations were found to be factual;
 - Whether there was a violation of policy; and
 - The process for the complainant to file an appeal if the complainant disagrees with results.

Because of the laws regarding the confidentiality of student records, the principal or designee may not be able to report specific information to the targeted student's parent/guardian about any disciplinary action taken unless it involves a directive that the complainant must be aware of in order to report violations.

If a district chooses to contact the parent/guardian by letter, the letter will be mailed to the parent/guardian of the complainant and alleged aggressor by United States Postal Service with return receipt requested unless it is determined, after consultation with the student and appropriate staff (psychologist, counselor, social worker) that it could endanger the complainant or the alleged aggressor to involve his or her family.

If professional school personnel have reasonable cause to believe that a student is subject to child abuse or neglect, as mandatory reporters they must follow district policy for reporting such cases to Child Protective Services or the police.

If the incident cannot be resolved at the school level, the principal or designee shall request assistance from the district compliance officer.

Step 4: Corrective Measures for the Aggressor

- a. After completion of the investigation, the school or district designee will institute any corrective measures necessary.
- b. Corrective measures will be instituted as soon as possible, but in no event more than five (5) school days after contact has been made with the families or guardians regarding the outcome of the investigation.
- c. Corrective measures that involve student discipline will be implemented according to district Policy 3241 – Student Discipline. If the accused aggressor is appealing the imposition of discipline, the district may be prevented by due process considerations or a lawful order from imposing the discipline until the appeal process is concluded.
- d. If in an investigation a principal or principal's designee finds that a student, knowingly made a false allegation of harassment, intimidation or bullying, that student may be subject to corrective measures, including discipline.

Step 5: Targeted Student's Right to Appeal

- a. If the complainant or his or her parent/ guardian is dissatisfied with the results of the investigation, they may appeal to the superintendent or his or her designee by filing a written notice of appeal with the superintendent within five (5) school days of receiving the written decision. The superintendent or his or her designee will review the investigative report and issue a written decision on the merits of the appeal within five (5) school days of receiving the notice of appeal.
- b. If the targeted student remains dissatisfied after the initial appeal to the superintendent, the student or his or her parent/ guardian may appeal by filing a written notice of appeal with the secretary of the school board within five (5) school days of receiving the superintendent's written decision.
- c. An appeal before the school board or disciplinary appeal council must be heard within ten (10) school days of receipt of the written notice of appeal. The school board or disciplinary appeal council will review the record and render a written decision on the merits of the appeal within five (5) school days following the termination of the hearing and shall provide a copy of the decision to all parties involved. The board decision will be the final district decision.

Step 6: Discipline/Corrective Action

The district will take prompt and equitable corrective measures within its authority on findings of harassment, intimidation or bullying. Depending on the severity of the conduct, corrective measures may include counseling, education, discipline, and/or referral to law enforcement.

Corrective measures for the student who commits an act of harassment, intimidation or bullying will be varied and graded according to the nature of the behavior, the developmental age of the student, or the student's history of problem behaviors and performance. Corrective measures that involve student discipline will be implemented according to district Policy 3241, Student Discipline. .

If the conduct was of a public nature or involved groups of students or bystanders, the school should strongly consider school wide training or other activities to address the incident.

If a staff member has been found to be in violation of this policy and procedure, the district may impose disciplinary action, up to and including termination of employment. If a certificated employee is found to have committed a violation of WAC 181-87, commonly called the Code of Conduct for Professional Educators, OSPI's Office of Professional Practices may impose disciplinary action on a certificate, up to and including revocation. Contractor violations of this policy may result in the loss of contracts.

Step 7: Support for the Targeted Student

Persons found to have been subjected to harassment, intimidation or bullying will have appropriate district support services made available to them, and the adverse impact of the harassment on the student shall be addressed and remedied as appropriate.

I. Immunity/Retaliation

A staff member, student, or other member of the school community who promptly reports an incident of harassment, intimidation, or bullying to an appropriate school official, and who makes this report in compliance with the district's policy and procedure relating to harassment, intimidation and bullying is immune from a cause of action for damages arising from any failure to remedy the reported incident.

No staff member, student, or other member of the school community may engage in reprisal or retaliation against a student, witness, or other person who brings forward information about an alleged act of harassment, intimidation or bullying. Retaliation is prohibited and will result in appropriate discipline.

J. Other Resources

Students and families should use the district's complaint and appeal procedures as a first response to allegations of harassment, intimidation or bullying.

Nothing in this procedure prevents a student, parent/guardian, school, or district from taking action to remediate discrimination or harassment based on a student's membership in a legally protected class under local, state or federal law. A harassment, intimidation or bullying complaint may also be reported to the following state or federal agencies:

School Policies & Procedures

Volunteers are asked to give special attention to the following procedures...

- * The principal is responsible for the overall supervision of school workers.
- * Please attend the orientation. At that time you will be shown around the school office and workroom, as well as receive tips on helping out in the classroom. Also, this year each teacher will be training volunteers in his or her classroom—so you will be familiar with special tasks you will be asked to assist with.
- * The safest storage area for personal belongings (coat, purse, umbrella, etc.) may be placed in the wardrobe closet in the classroom in which you are volunteering. Feel free to ask the teacher, or other staff member to store these items for you when you arrive. They can lock the cupboard if you feel the need.

If you are volunteering somewhere in the school other than a classroom, ask one of the secretaries to store your belongings for you when you arrive.

- * The parking lot in front of the school is reserved for bus traffic. Please park in the other parking areas or on the street.
- * Volunteers work in cooperation with an assigned teacher or other staff member. Questions, suggestions and feedback should be directed to the teacher, volunteer coordinator or to the principal.
- * Volunteers must ***sign in and out*** on the registration form provided in the school office. The school staff needs to know who is in the building, and it is helpful in identifying the number of volunteer hours given to our building. ***Please also wear your nametag whenever you volunteer at school.***
- * Tobacco is prohibited on school grounds.
- * Any volunteer who is injured at school should report to the nurse and administrators immediately.
- * Please observe the volunteer bulletin board. Information affecting you will be posted there.
- * Be prompt. Many activities depend on your volunteer assistance for successful completion. If you are unable to come at your appointed time or will be late, please call the office. You are a valuable resource and you are missed when you are unable to come. Your teacher and students will appreciate this courtesy!
- * Know and observe the school and classroom rules and regulations. Your teacher will have this information for you.
- * While we attempt to make everyone feel welcome, it is sometimes a distraction to bring pre-school age children along with you to volunteer, especially if you plan to work in a classroom. If you have no daycare available, please consider one of the following options: ask the classroom teacher's permission before bringing your pre-schooler, trade daycare with another volunteer, offer to work on tasks that can be completed at home, or to work in areas of the school other than the classroom. Please do not have preschool children with you while working on equipment such as paper cutter, laminator, etc. It is a dangerous place for little fingers to be.

Keep in mind that our #1 responsibility is to provide a quality learning environment for the children who are enrolled in Stanwood-Camano schools. You might also consider how special it makes your child feel when they receive your undivided attention during your visit.

Volunteer Policies

CHAIN OF COMMAND

The Stanwood-Camano School Board is responsible for setting policies for school staff and volunteers. The board is comprised by elected board members and employs the principal, to whom it delegates responsibility for day-to-day school administration. The principal manages teachers, staff and volunteers, using policies approved by the board.

Any questions or difficulties should be presented initially to the staff member or teacher involved. Should further resolution be required, the appropriate chain of command is to talk with the principal, superintendent and school board in that order.

Community members interested are welcome to attend the Board meetings which are open to the public. Meetings are scheduled for the first and third Tuesdays of each month and convene in the Board Room at Stanwood Middle School.

STUDENT CONFIDENTIALITY

As a volunteer, you may observe activities or be exposed to information that is confidential in nature. It is mandatory that you respect the rights of everyone you work with, be it adult or child. Volunteers need to ensure confidentiality and privacy in regard to history, records and discussions about students.

This means that volunteers shall not disclose any information about a student, including his or her grades, behavior and any academic assistance given the individual, to anyone outside the school unless authorized by the principal. A good guide is to leave whatever you see or hear at school. Consider what you would want other volunteers sharing about your child after they have volunteered. This is a critical issue and deserves your most careful attention.

If you are made aware of information that you believe impacts the personal safety of a child, you are obligated to share that information with a school staff person; teacher, counselor or principal. You may then choose to remain anonymous once the information has been shared. **PLEASE NOTE: While school volunteers are not legally mandated reporters of suspected child abuse, the District's expectation is that volunteers speak to an administrator promptly regarding any inappropriate incident, conduct, or behavior.**

No information requested by someone outside the school will be given over the telephone. An appropriate responding statement is: "School policy does not permit me to give out this information."

Volunteers should not discuss any student's grades, behavior or records with unauthorized individuals, whether at or away from school. All volunteers are required to sign a confidentiality acknowledgment stating their responsibility and commitment in regard to student information and complete the required security information.

SMOKING/TOBACCO

This school district adheres to a tobacco-free policy. No smoking/tobacco is allowed inside the building or on the outside grounds.

DRESS CODE

As representatives of the school, volunteers are expected to dress in an appropriate fashion for school activities. The primary objective as a volunteer in the school should be to enhance the education of our students. Clothing which causes disruption from the learning process, such as advertising alcohol, drugs or tobacco, is prohibited by school policy.

When operating school equipment, care should be given to ensure safety, such as securing loose hair and/or clothing. The school will not be held liable for damage to clothing or accessories while you are on duty.

EDUCATIONAL JARGON

As with any profession, there is an entire vocabulary of educational terms. We, as practitioners, may well use terms or phrases that we assume everyone understands, while, in fact, no one understands what we mean other than ourselves. (And sometimes we don't even understand one another.)

If a staff person provides you with directions, instructions, or explanations that aren't clear because of jargon, be sure to ask for further information. (It could be a challenge for us to put it into English!) There is a list of some "jargon" used enclosed with this booklet for your reference.

TELEPHONE CALLS

Local outside calls can be made from any intercom phone in the building simply by dialing "9". You may also use either of the telephones at the front desk by asking the secretary. If calling another building in the district dial only the last four digits.

If, in an emergency, you need to place a long-distance telephone call, please contact one of the secretaries for directions.

RESTROOMS

There are adult bathrooms located in each building.

SIGN-IN AND SIGN-OUT

Please sign the volunteer log when you arrive. At this same time, pick up your nametag. ***Please wear your name tag while at school.*** Sign-in when you arrive, and record the number of hours you have volunteered when you are ready to leave. This sign-in and sign-out procedure will help in several ways:

- * To ensure student safety, the staff needs to know who is in the building at all times.
- * In case of an emergency that requires building evacuation, these sheets assist in accounting for all people in the building.
- * To assist in volunteer introductions, recognition and program evaluations.
- * You can claim certain expenses associated with volunteering on your federal income tax and these records can serve as documentation of time spent at school. You may also want to record any time spent at home on volunteer work for this same reason.

NAME TAGS

You will be provided with a nametag, and we ask that you wear it whenever volunteering. You can pick the nametag up at the location you volunteer and you should leave it at school each time you finish volunteering.

These nametags serve many purposes. They allow all of us to call one another by name, they serve as identification that you are an adult who has legitimate reason for being on school grounds, and we hope they help make you feel a part of the staff.

Expectations of Teachers

What a teacher may expect from volunteers...

- * Confidentiality and respect for the confidential nature of anything the volunteer hears or sees.
- * Promptness.
- * Business-like attitude and dependability.
- * Advance notice of upcoming absence.
- * Willingness to accept directions and constructive criticism.
- * Acceptance of the fact that the teacher is the professional educator and that the volunteer is there to assist—not replace!
- * Desire to motivate children to work and to help them succeed in school.
- * Neat appearance.
- * Trained volunteers...in most cases. Workshops in most areas are available to school volunteers. We will schedule these during the school year.

Responsibilities of teachers...

1. Provide meaningful tasks.
2. Plan.
3. Get to know the volunteer.
4. Orient the volunteer to the classroom.
5. Give recognition and appreciation of volunteer efforts.

Responsibilities of volunteers...

1. Be dependable.
2. Be professional.
3. Maintain confidentiality.
4. Follow directions and ask questions when necessary.

Tips for Working With Students

Developing a positive relationship with students will make your volunteer experience more enjoyable, as well as more beneficial to the kids. Here are some tips for:

GETTING TO KNOW STUDENTS

- * A student's name is very important. Learn the students' names right away, how to pronounce and spell them correctly, and use them often.
- * Be sure that all students know your name, introduce yourself to them.
- * Get to know each other by first talking about things students like. Listen carefully to what the student has to say. By your words and actions, let the students know you care.
- * Let students take their time warming up to you. Trying too hard to establish a relationship with them may intimidate or alienate kids who don't know how to deal with that kind of "enthusiasm." Instead, make yourself accessible to them and be kind—students gravitate toward these qualities!
- * Respect students' privacy and don't goad them into telling you something they're uncomfortable with. Most of all, listen to them!

Education Jargon Glossary

What in the world are school staff members talking about? I have, with some help, put together a list of acronyms and educational jargon that may help you understand some of the things happening in education today. Please, if you don't understand vocabulary being used, ask your staff to explain.

ADHD, ADD—Attention Deficit Hyperactivity Disorder means a childhood disturbance of at least six months duration with an onset before age 7, at a rate of frequency which significantly exceeds those of similar age, in at least eight of the following areas: fidgets, easily distracted, difficulty waiting turn, blurts out answers before questions are complete, difficulty following instructions (not due to intellect, comprehension, or oppositional behavior), difficulty playing quietly, often interrupts or intrudes on others, often does not seem to listen, often loses things necessary for completion of tasks, and often engages in physically dangerous activities. (DSM III- r, medical term.) Remember, it has to be at least eight of these areas. Age appropriate: typical of a particular chronological age group.

BD—Behavior Disordered is age-inappropriate behavior, well-documented over an extended period of time in different environments (school, home, community), which interferes with educational performance and is not the result of intellect or untreated sensory, cultural or health factors.

Developmentally Delayed—Refers to 0-5 age group, with two or more diagnosed potential handicapping conditions that cannot be medically corrected, who test more than 25% below chronological age norms in one or more of the following areas: cognitive development, sensory motor development, fine motor skills, social affective skills, self-help skills, auditory, visual, or haptic sensory processing.

HI—Hearing Impaired.

IDEA—Individuals with Disabilities Education Act of 1990 funds local education agencies to pay excessive cost of educating children with disabilities. It funds programs for infants with disabilities that put them at risk of delay in development. It also funds the preschool program under the Education for All Handicapped Children Act of 1975 (Public Law 94-142) ensuring all children, age 3 and above, free and appropriate education.

Certificated—Staff with State Certification

Classified—Staff not requiring State Certification

Portfolio—Collection of a student’s work selected either by the student or teacher to keep in a master file to demonstrate academic and social growth over time.

ALIT—Academic Learning Improvement Team, based on specific school site.

SLIG—Student Learning Improvement Grant

CPT—Community Planning Team

MDT—Multi-Disciplinary Team

PTA—Parent Teacher Association

IEP—Individual Education Plan, curriculum plan for handicapped students developed by teachers, parents and school psychologists and other professionals involved in the student’s public education.

LD—Learning Disability is a discrepancy between a specific academic achievement and aptitude when presented with appropriate regular instructional environment, which involve receiving, organizing, or expressing academic information not primarily due to vision, hearing, motor impairment, mental retardation, emotional disabilities, environmental, cultural, economic disadvantage, or a history of inconsistent education program.

LEA—Local Education Agency, usually the school district.

LRE—Least Restrictive Environment for educating handicapped children.

Mastery—Ability to use a skill; proficiency; at an identified level.

Paradigm—A pattern of perceiving, believing and behaving that defines and limits how we relate to our world. Paradigms govern what we see and cannot see. Paradigms act as a filter.

Performance-Based Assessment—Measures results of goals established for 1) individual learners, or 2) institutional units; e.g., school districts, states. The major elements of this concept, regardless of which entities it is applied to, are 1) establishment of goals or targets, 2) application of processes to reach goals/targets, 3) measurement/assessment of progress, and 4) reporting results to appropriate individuals and/or organizations.

ESEA – Elementary & Secondary Education Act

NCLB – No Child Left Behind

EALRs – Essential Academic Learning Requirements

Volunteer Confidentiality Statement, Policies & Protocol and Handbook Acknowledgment

I shall respect the privacy concerns of students and staff, and I shall hold in confidence all information learned in the course of my volunteer service, whether that information is obtained through written records or daily interaction. I will not disclose an individual's confidences to anyone, except: 1) as mandated by law; 2) to prevent a clear and immediate danger to a person or persons.

I shall store or dispose of records in ways that maintain confidentiality.

I shall possess a professional attitude, which upholds confidentiality, and hold confidential any information about sensitive situations within this school.

I understand that violation of this confidentiality statement may be grounds for immediate dismissal.

I have received a copy of the volunteer handbook for this school and have either read it or had it read to me carefully. I understand that the manual is intended to cover the procedures, rules and policies most often applied to day-to-day volunteer activities, and that some of the information will change from time to time as procedures evolve. I understand that I am a volunteer and respect the privilege afforded me to serve in that capacity is at the direction and decision of the staff and administrators.

*Volunteer's Name **PLEASE PRINT*** *Location/School*

Volunteer's Signature *Date*

I have received and reviewed the following Stanwood-Camano School District policies/protocols:

- Policy 5253 – Maintaining Professional Staff/Student Boundaries
- Procedure 5253P – Maintaining Professional Staff/Student Boundaries
- Policy 3207 – Prohibition of Harassment, Intimidation, and Bullying
- Procedure 3207P – Prohibition of Harassment, Intimidation, and Bullying

I understand there are two kinds of boundary invasions – those that are appropriate because they have educational or health reasons and those that are inappropriate.

I understand that I am responsible for following District procedures regarding maintaining professional staff/student boundaries, incident reporting, and consequences of engaging in boundary invasions.

I understand that while school volunteers are not legally mandated reporters of suspected child abuse, the District's expectation is that volunteers speak to an administrator promptly regarding any inappropriate incident, conduct, or behavior.

I will adhere to these guidelines and acknowledge my role in protecting children from inappropriate conduct by adults.
