RE: Pay rate for Boys Swim Team Supervision

This year, because the boys swim team has a female swim coach and assistant coach, the need to hire an individual to assist with supervision in the men's locker room at the YMCA has arisen. With the boys making use of a public locker room that members of the public are also using, we determined that having a school supervisor present was necessary to assure safe use of the facility by our students.

This memo is to recommend to you a rate of pay for this function.

Recommendation: \$50.00 per day of supervision. The supervisor travels to the YMCA supervises the locker area at the beginning of practice, is present during practice sessions, and supervises the locker area after practice.

If you have any questions, I would be happy to assist.

I recommend the Board move to approve the pay rate of \$50.00 per day for a certificated employee to provide locker supervision at the boys swim event each day of turnout at the YMCA facility.

Re: Payment for boy's swim supervision

I have made arrangements with Tim Schmidt to supervise the Marysville YMCA locker room before and after our boy's swim practices. I will be paying Mr. Schmidt \$50 a day for this service. His first day of supervision was on January 4th.

There are 19 scheduled practices leading up to the district tournament, and a possibility of 4 more practices, if there are any swimmers competing in the state meet on February 15th and 16th.
