

LIBRARY MEDIA CENTERS

The Library Media Centers will be used to support and extend the classroom program of instruction. Their role is to assist students and staff in becoming effective users of ideas and information. Each center will be provided with a collection of print and non-print materials, instructional equipment and other materials to meet the unique needs of the students and staff. ~~Print and non-print materials will be catalogued in a manner that will enable such materials, equipment, and supplies to be accessible to students and staff throughout the school year.~~ The library media staff will assist students and teachers in securing a variety of resources which support student mastery of the Washington State Standards and the implementation of the district's school improvement plan. Additionally, the teacher-librarian, through the school library media program, will collaborate as an instructional partner and information specialist to help all students meet the content goals in all subject areas, provide information, and technology literacy instruction.
