

## **Stanwood-Camano School District**

### **Family Communication February 26, 2021**

The month of February has flown by. We've added 4th-8th graders to a hybrid schedule and are loving seeing them in our buildings. Thank you to everyone for following all of the safety guidelines.

### **Kindergarten Registration**

The district has opened kindergarten registration for the 2021-22 school year. Please check your school's website for information.

### **COVID-19 Student Survey**

The secondary schools in our district will participate in the COVID-19 Student Survey in order to gather data about our students and support needed as they re-enter in-person learning. More information from OSPI about the survey is below:

*The Office of Superintendent of Public Instruction (OSPI), Washington State Department of Health (DOH), Health Care Authority (HCA) and a team at the University of Washington (UW) have made the "COVID-19 Student Survey" available for schools to administer this spring.*

*In an effort to support schools and communities, state agencies partnered to support this effort to collect information about young people's experiences over this past year during the COVID-19 pandemic.*

*The survey is anonymous, voluntary, and for students in grades 6 through 12.*

*Topics on the survey include but are not limited to social support, remote learning experiences, mental health, physical health, COVID-19 precautions, and substance use.*

*The survey will be scheduled sometime between March 8-March 26.*
