

Stanwood-Camano School District

Family Communication

May 7, 2021

The district continues its important work of selecting a new superintendent. Tomorrow, Saturday, May 8, the board will be conducting preliminary interviews of 6 candidates. Community members may attend in person or via zoom.

To view the meeting livestream, please click on the link below.

https://us02web.zoom.us/webinar/register/WN_yZBmN8MTQ-yUUuQPUgSLMA

If you wish to attend in person, please complete an [in-person request form](#) [español](#) -- seating will be based on the order received until capacity is reached. The May 8th meeting agenda is available [here](#). You will find additional links in the agenda to the preliminary candidates' resumes and an online feedback form.

After the preliminary interviews, the board will identify 3 final candidates who will be interviewed on May 11, 12, and 13. There will be a community forum each night at 6:00PM. The zoom link for these forums are listed below:

[May 11 Community Forum](#) (Finalist #1)

[May 12 Community Forum](#) (Finalist #2)

[May 13 Community Forum](#) (Finalist #3)

The district is soliciting questions from the community to be asked at these community forums. Please submit questions that you would like the candidates to be asked [HERE](#).

COVID Outbreaks

Snohomish County reported that there were 23 COVID outbreaks in Snohomish County schools, accounting for 88 cases. Snohomish County informed us that 8 of the cases have been at SCSD schools or teams in the past two weeks. Please help us to increase the safety of our students and staff by strictly adhering to screening protocols and other safety measures. If your student was a close contact, they would have been notified by your school nurse.

COVID Testing Update

We shared last week that we are now able to do COVID testing at each of our school buildings. To clarify: a negative COVID test **does not** enable a "close contact" to stop quarantining. A 14-day quarantine is **required** by the health department for individuals who are close contacts of someone who has tested positive for COVID, as close contacts may develop symptoms of COVID-19 for up to 14 days after the exposure. Testing may be done for confirmation, if a person becomes symptomatic, but this cannot eliminate the quarantine.

COVID Vaccines

COVID 19 Vaccines (Pfizer) are now authorized for any person age 16 and over. Camano Island Fire and Rescue will be holding a vaccine clinic at the Camano Center on Camano Island for people age 16 and up on Wednesday May 12th from 3:30 to 6:30. Parents may be vaccinated at the same time as their student(s).

At this point anyone over 16 and under 18 who is getting a vaccine will **need a parent with them at the vaccination clinic to complete the process**. The State is working on cleaning that approval process up but at this point that is all Camano Fire can do.

Please use the registration link below to set up your vaccination time/day:

Wednesday May 12th at the Camano Center on Camano Island
