

Family and Staff Communication
November 25, 2020

Dear Families and Staff,

As we enter the Thanksgiving holiday, the district would like to extend its sincere gratitude for the support you have provided to our students during the pandemic. Thank you all for following all of the new procedures and doing your part to keep us all safe.

We continue to work with our health districts to determine our next steps. We will keep everyone informed of any changes that may be coming.

Please take care and have a safe Thanksgiving.
