

Health Update March 2, 2020 #2 (Email)

Stanwood-Camano School

District donotreply@stanwood.wednet.edu via spe.schoolmessenger.com

Good Morning,

This is an up-date regarding the actions the Stanwood-Camano School District is taking regarding COVID-19 as precautionary steps. We do not have a known case in our district at this time.

Custodians:

The custodians are being asked to take special care in wiping down touch point surfaces, such as railings, and door handles.

Transportation:

Buses will be disinfected throughout the day.

Response plan:

The district has developed a response plan to be enacted in the event a known case emerges in a building.

In the event the district becomes aware of a student, staff member or volunteer suspected of having COVID-19, the district will notify the Dept. of Health and follow the protocols prescribed to us.
